Introduction

To conduct financial activities with NSF, you must be assigned Financial Functions User (FFU) permissions through FastLane. FFU permissions are assigned by your organization's Financial Administrator. Once you are an FFU, you can use the Award Cash Management Service to:

1. Request Payments for NSF awards.
2. View award and organization payment history and financial information.

How to Become a Financial Function User (FFU)

Before you can access the FastLane financial functions, you must become an FFU; this involves three steps:

1. A **Sponsored Project Office (SPO)** representative in your organization—with permissions to add, modify, and delete users and to initialize/change passwords—gives an individual in your organization the **Financial Administrator** permission. The Financial Administrator is usually a member of your organization's Finance Office, such as the Controller or Deputy Controller. (If necessary, the SPO can also be the Financial Administrator.)
2. The **Financial Administrator** gives permissions to one or more of your organization's authorized FastLane users to perform financial functions. An individual performing these functions is an **FFU**. (If necessary, the Financial Administrator can also be an FFU).
3. The **FFU** conducts financial functions with NSF on behalf of your organization.

The table below summarizes the roles of the FastLane Contact, the Financial Administrator, and the FFU.

Who	Where to Log On in FastLane	Role
FastLane Contact/SPO: the person in your organization who has all FastLane Research Administration permissions. Financial Administrator: individual in your organization, usually from the Finance or Business Office, such as, the Controller or Deputy Controller	Research Administration	<ul style="list-style-type: none">• Assigns financial function permissions to one or more individuals.• Withdraws permissions to perform financial functions.• Grants permissions to perform financial functions to self.• <i>Cannot reset passwords</i>

Assigning the Financial Administrator Role

The SPO designates a Financial Administrator by giving an individual the Financial Administrator permission in the Accounts Management application of Research Administration. The SPO can do this in two ways: **1. Add a new User**, and **2. Modify a User Profile**.

The SPO Representative has now completed the required steps. The Financial Administrator must follow step two below to complete the financial setup.

Assigning the Financial Function User Roles

The Financial Administrator gives permissions to one or more of your organization's authorized users to perform Financial Functions. The Financial Administrator is the only user who can assign permissions for Financial Functions to an individual in your organization. If the individual

is not yet a user, have the SPO or another individual with Add, Modify, and Delete User permissions add the person as a user by completing the processes for **Add a New User** under Step 1 above.

To assign Financial Function permissions to an existing user:

1. Go to the FastLane home page and click on **Research Administration**. The Research Administration home page displays with a list of functions. Login using your NSF ID, last name and password.
2. Click on **Accounts Management**. The User Account tab screen displays as default.
3. On the User Account tab screen, search for the user you want to designate as a Financial Functions User (FFU).
 - a. On the **Accounts Management** screen on the **User Account** tab, click **Modify** on the row for the user you want to make an FFU. The **Modify User Profile** screen will display.
 - b. In the **Financial Permissions** section, click the check mark box for any number or all of the financial permissions shown in the screen below. Institutions should have at least one user with the following financial permissions:
 - ACM\$ Awardee Preparer
 - ACM\$ Awardee Certifier
 - ACM\$ Awardee Financial Representative

My Desktop

Explore the new NSF Research.gov Desktop, an intuitive and flexible online workspace for NSF staff. The first new tools to be offered on the Desktop, Find Reviewers and What We Do, help to illustrate the kinds of exciting tools and services for staff that are possible through Research.gov. Try out the Desktop today and tell us what you think! NSF needs your feedback and input to help shape this workspace and the new tools that it offers.

The ultimate goal for the Desktop is to provide staff with an integrated location where they can access the resources needed to support their program work – a seamless experience for completing a variety of mission functions! The Desktop will provide easy, centralized access to the services, tools, and grants management information you need, including:

- Existing information (such as Principal Investigator and Reviewer data) provided in a single view, which can be utilized in dynamic ways previously not possible
- New information that was previously hard to find or inaccessible
- Brand-new tools and services, as well as existing business applications
- Instructional materials and job aids

Desktop Services Available:

Find Reviewers showcases the possibilities that exist in this environment for dynamic new tools and services and increased access to important information. Find Reviewers helps staff find and identify qualified reviewers by marrying information from a variety of sources to provide a comprehensive view of potential reviewers.
